

# MYKYTA ANTONOV

## FRONTEND DEVELOPER

+380638697764 | [1NIKITOS1003@GMAIL.COM](mailto:1NIKITOS1003@GMAIL.COM) | [WEBSITE](#)

### PROFILE

Front-end developer with two years of experience in a dynamic environment. Throughout my career, I have often taken on new projects received tasks outside of my area of expertise and quickly learned new technologies and frameworks. It will not be a problem for me to switch to working with other technologies.

### SKILLS

- React
- React Native
- Typescript
- Redux, Recoil, Zustand
- Firebase

### EXPERIENCE

#### INCORA | FRONTEND DEVELOPER

2023 - 2025

As a “shadow coder,” I adapted to multiple projects and shifting priorities, which strengthened my problem-solving skills and ability to learn on the fly. Here I will list the projects I have been working on for the longest time and my achievements while working on them.

#### HOTEL MANAGEMENT PLATFORM

(React, React Native, Firebase)

- Developed both web and mobile applications simultaneously, ensuring a shared codebase for both platforms.
- Built internal utilities to streamline Firebase interactions.
- General mobile application performance optimization and implemented offline features

#### FOOD DELIVERY PLATFORM

(Angular, React, React Native)

- Maintained multiple applications, including a web versions built with Angular (for common users) and React (for staff).
- Refactored legacy codebase, migrating to a newer libraries and implementing best practices.
- Enhanced test coverage with new unit and end-to-end tests.

#### SPORTS BETTING PLATFORM

(React)

- Focused on responsive UI and interactive components for both mobile and desktop.
- Collaborated closely with backend developers to facilitate rapid feature implementation.
- Contributed to creating reusable component libraries.
