WORK EXPERIENCE

Front-end Developer

Incora   *2023 - 2025*

Hotel Management Platform:
(React, React Native, Firebase)
Developed both web and mobile applications simultaneously, ensuring a shared codebase for both platforms. Built internal utilities to streamline Firebase interactions and optimize application performance.

Food Delivery Platform
(Angular, React, React Native)
Worked on multiple applications, including a web versions built with Angular (for common users) and React (for staff).

Sports Betting Platform (Gambling)
(React)
Developed a web application for both mobile and desktop users, focusing on responsive UI and interactive components.
